

GRANULATED SULPHUR
SULPHUR G - 9995
I. Quality according to factory's norm

L.p	Physical and chemical properties		Chain	Type
1				G- granulated Type 9995
2	Form			Granule
3	Colour			Yellow- grey
4	Sulphur content, (%) min.			99,95
5	Chemical impurity	Total, (%) max	In dry substance % m/m	0,05
6		Acidity as H ₂ SO ₄ , (%) max		0,007
7		Organic substances (bitumes), (%) max		0,015
8		Arsenic, (%) max		0,0000
9		Selenium, (%) max		0,000
10		Chlorides, (%) max		0,003
11		Ash, (%) max		0,04
12	Ash component	Mn		Not normalized
13		Cu		Not normalized
14		Fe		Not normalized
15	Humidity, (%) max			%
16	Granulation	Class of granule 0,5mm - 6,3 mm, min.	%	90
17		Granule culture 0,5mm and class of granule 6,3mm - 10mm, max	%	10

Attention: Humidity of granulated sulphur over 0,5% is admitted after previous agreement with client

II. Package

Railway wagons (in bulk) or big - bags a' 1000 kg net on pallet (1000x1200 mm)
 Containers and other package - to be agreed

III. Road, railway and sea transport

Not liable to ADR, RID ,IMDG (special rule 242 ADR, RID, IMDG)

IV. Additional information

Safety Data Sheet
